- † A person who actually contributes post-tax dollars to a retirement plan.
- † A person who receives an Employer contribution or reallocated forfeiture during the 2005 tax year.

#### Form W-2 Completion:

- Box 12** If any employee contributes (defers) pre-tax dollars, place a D in this box with the amount of deferral.
- Box 13** Place an X in the box for Retirement Plan if the employee is an "active participant" as defined in the box to the left.

## WEB ENHANCEMENTS

If your plan is currently on the web, check out the new enhancements that have been added:

- Look under "Retirement Calculator" to find a *NEW* Retirement Plan calculator that will help your participants to estimate the income and savings they will have when they retire. The results will identify if their current savings will last through their retirement years and provide an estimated annual cash flow.
- Look under "Reports" to find a *NEW* feature that will allow your participants to print on-demand participant statements right from the web!
- Look under "Forms" to find a *NEW* feature that will allow your participants to access forms without asking you! Forms currently included are the Investment Election Form, the Beneficiary Designation Form and the Summary Plan Description!
- This new access will allow your participants to go to the web for their requests without bothering you!

# DISTRIBUTION PROCESSING DEADLINE

In an effort to avoid the “last minute rush” of completion, distribution, and mailing of those dreaded 1099-R Forms, we have a deadline for processing distributions to participants. Any distribution request received in our office prior to **December 16, 2005** will be processed by the end of the calendar year, and a 1099-R issued for the 2005 calendar year. We reserve the right to hold any requests received *after* the December 16<sup>th</sup> deadline and process them after January 1<sup>st</sup>. This will allow us to prepare your 1099-R Forms in a much more timely manner, enabling you to mail them to the affected participants in plenty of time to meet the January 31<sup>st</sup> deadline.

## REQUIRED MINIMUM DISTRIBUTIONS

A friendly reminder that if you have any employees that are age 70 ½ or older and are more than a 5% owner of your company, or if you have any employees that have retired, are age 70 ½ or older, and still have money in your plan, they are required by law to take a Required Minimum Distribution from the plan, based on their life expectancy. In most cases these distributions must be completed before December 31<sup>st</sup>, or the employee is subject to a 50% excise tax!! We are in the process of sending distribution packages to all employees for whom we have a record - please be sure to follow up with these participants to be sure that they get the completed paperwork back to us. Also, **if we do not receive termination information from you on a regular basis, be sure to inform us immediately if someone in your plan has terminated employment this year and is age 70 ½ or older.**
